Crucial Crew

Y6 thoroughly enjoyed Thursday morning at 'Crucial Crew'. Supporting their character development and understanding of personal safety, and complementing their learning in JIGSAW (PSHE) lessons, they've all learned more about: how to stay safe in public places; how to respond to anti-social behaviour on the tram network; how to avoid danger on the railway network; road safety; the health implications of using e-cigarettes; and how to identify potential carbon monoxide risks. It was a wide-ranging and engaging experience.

Worthington Park Visit

KS1 visited Worthington Park to investigate and evaluate the existing play structures currently available. We explored, what age they were suitable for, what parts of the body they exercised, if they were accessible for children with disabilities and how they supported our weight. We can't wait to start designing our own structures!

Amazing Light

Year 3 and Year 4 had a wonderful time at our Amazing Light workshop this week. The children explored light through experiments and then explored the metaphor of light in the Bible. Both classes investigated how we see objects, how light changes the projection of an image, the way light travels and how light is reflected. They also created a fantastic stained-glass window to show what Jesus is like.

Calendar Dates

All school dates can be viewed at -

<https://www.st-annes.trafford.sch.uk/about-our-school/school-calendar-events>
